# President's Message

Shaundra Clark, SERC-NAHRO President

## Times They are A-Changin'

this profession unintentionally, but, because we love this work and the people we serve, we stayed. We made housing our careers with no regrets! Now, that we are moving into retirement or actively planning for retirement, it's time for succession planning. We must engage young people in the housing industry. But how?

**I am encouraging you to mentor the young professionals in your offices. Get them involved committees at the state, regional and national levels. Help them see what you see!**

I started working at the Albany Housing Authority nearly 29 years ago as an analyst. Over the course of nearly three decades, I had the best mentors, who helped steer my career. It is because of them that I have moved forward in the affordable housing industry. If you have been here a while, like me, I am sure you had mentors as well. I am encouraging you to mentor the young professionals in your offices. Get them involved in committees at the state, regional and

national levels. Help them see what you see!

It is imperative that we seek new energy! Finding new, energetic individuals will likely mean changing how we work to some extent. That may mean incorporating more social media and technology or incorporating hours to work from home. Covid taught us that we can be quite effective from anywhere if we have a laptop and a phone. The point is to be open-minded to pivoting in the workplace.

Bob Dylan wrote a song entitled, "The Times They are A-Changin'". Here is the first stanza:

*"Come gather 'round people  
Wherever you roam  
And admit that the waters  
Around you have grown  
And accept it that soon  
You'll be drenched to the bone  
If your time to you is worth savin'  
And you better start swimmin'  
Or you'll sink like a stone  
For the times they are a-changin'"*

Shaundra Clark,  
SERC-NAHRO President

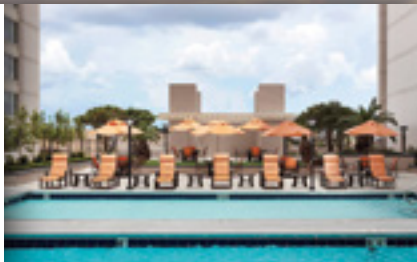

We have powerful potential in our youth, and we must have the courage to change old ideas and practices so that we may direct their power toward good ends.

— Mary McLeod Bethune

Over the last few years, I have spoken to numerous housing professionals regarding recruiting young people into our industry and how to accomplish the task. Do we understand the magnitude of this assignment? Many of us fell into

## Dear Affordable Housing Ambassadors,

It is my absolute pleasure to greet you all, as the new Chair of the Southeastern Regional Council of the National Association of Housing and Redevelopment Officials (SERC-NAHRO) Legislative Network Committee. Thank you, President Shaundra Clark, for entrusting me with this tremendous responsibility. It is both an honor and a privilege to serve in this capacity, and I look forward to collaborating with you and the entire SERC-NAHRO Nation as we realize legislative advocacy goals that will foster equitable and inclusive housing solutions.

billion for National Housing Trust Fund, 10 billion for HOME Investment Partnerships Program, \$3 billion for Community Development Block Grants,

While the BBB legislation is still being considered by the U.S. Senate, it will most likely be scaled back. Its exact contents and pathway to passage remain

opaque and, for whatever it's worth, it appears likely to carry a different name. In the meantime, I'm reminded of a famous President Joe Biden quote that rings a sense of hope:

"It's a matter of timing. Successful presidents -- better than me -- have been successful, in large part, because they know how to time what they're doing -- order it, decide and prioritize what needs to be done."

Please feel free to share your thoughts, ideas and any feedback you all may have with me at

ybean@ColumbiaHousingSC.org.

## Best Wishes to Former Legislative Committee Chair, Ivory Mathews

I'd be remiss if I didn't also take a moment to celebrate the outgoing SERC-NAHRO Legislative Network Committee Chair, Ivory Mathews. She is leaving SERC-NAHRO to oversee the largest housing authority (Home Forward) in the state of Oregon.

Congratulations on making history as the first African American female to lead the organization. Your passion and commitment to legislative advocacy will truly be missed.

## Build Back Better About BBB

On November 19, 2021, the U.S. House of Representatives passed the \$1.9 Trillion Build Back Better Act, which includes \$150 billion targeted to affordable housing. This historic legislation is the single largest investment in public housing's history, and it has the power to transform our communities. The bill includes: \$65 billion for Public Housing, \$24 billion for Housing Choice Vouchers, Expanded Low-Income Housing Tax Credits, \$15

\$1 billion for Project-Based Rental Assistance, \$450 million for Section 811 Supportive Housing for People with Disabilities, and \$450 million for Section 202 Supportive Housing for the Elderly.

The \$150 billion targeted to affordable housing are forecasted to bring about the construction, rehabilitation, and restoration of more than 1 million affordable homes -- which will boost the supply of affordable housing units nationwide, including in rural communities, and reduce price pressures for renters and homeowners.

## New Responsive Website & Branding Launched

- Jasper Housing Authority

Jasper Housing Authority now has a new responsive website, JasperHousing.org.

Their new responsive website allows site visitors to easily navigate the website no matter what device they use (desktop, laptop, tablet, smartphone).

Some of the features/functions on their site include:

Latest News - The News Module provides a home page feed showing the three most recent news articles. An organized list of all news articles is stored on the website for future reference.

Custom Form Builder - This allows Jasper Housing Authority to create Custom Forms for Residents, Community Partners, and Staff that can be completed and submitted online.

Communities Map - Check out Affordable Housing properties on the interactive embedded Google map.

Additionally, they launched their new logo and branding. Inspired by their community, they incorporated colors that resonated with them, like Jasper High School gold.

Visit their new website to learn more, JasperHousing.org

## Moving to Work 2022 Cohort Announced

- Dothan Housing

On Thursday, January 27, 2022, HUD announced the selection of Dothan Housing (DH) for the Landlord Incentives cohort for the MTW Demonstration Expansion. "We are excited and humbled about our MTW Landlord Incentives cohort selection. We also understand the magnitude that more landlords equal more housing choices for our voucher participants,"

said Senior Vice President/COO, Dr. Michael C. Threatt.

"After a 25-year career as a Senior Policy Development Officer at the HUD headquarters in Washington DC, I am ecstatic about this opportunity of a lifetime to become an MTW Agency," said DH Board Chairman David C. Jamison.

# A Symphony of Redevelopment, Collaboration & Change

## - Gainesville Housing Authority

The \$25 million Midtown Villages renovation was ambitious. The Gainesville (GA) Housing Authority and Collaborative Housing Solutions LLC challenged themselves to renovate 200 public housing units in 54 buildings located on six properties, but that wasn't all. "We wanted to redefine the whole idea of affordable housing, to show it can be desirable, culturally vital and affordable," said Beth Brown, GHA's Executive Director.

As the project launched, COVID struck, making these goals suddenly seem doubtful. It also required perfect weather, no material shortages and inspections and permits obtained or passed without delay. Most importantly, it meant keeping everyone involved safe during the pandemic.

Yet, surprisingly, all of the deadlines and conditions were met.

"It showed how important the planning phase was, as well as having the right team to carry out those plans under difficult and changing circumstances," said Beth.

"Not only was the project completed on schedule, but it was the first project in Georgia to combine

National Housing Trust Fund dollars (NHTF) and Low-Income Housing Tax Credit (LIHTC) program equity. It also was certified under The National Green Building Standard (NGBS)," said Richelle Patton, President of Collaborative Housing Solutions LLC.

**Preserving and upgrading affordable housing by investing in community cultural life, and rebranding the public image of affordable housing.**

The Midtown Villages renovation updated the 1950s-and-later buildings to today's codes, bringing in central heat and air conditioning. The renovation also included new flooring, ceilings, fresh paint, lights, plumbing, wiring, appliances, porches, landscaping, roofs and more.

The Midtown Villages project also featured a new community center,

dubbed the 'MAC' (the Melrose Arts and Activities Center). The MAC serves as an art and activities center, a resident office, a classroom, laundry, library and business center and computer lab.

The MAC is easily spotted with its bright stainless-steel sculpture outside and extensive art collection and art classes on the inside.

Six large sculptures will be displayed on five campuses as part of the Public Arts in Public/Affordable Housing initiative, which launched with the University of North Georgia Department of Visual Arts and Hall County's VISION 2030 Public Art committee.

The Midtown Villages project thrived despite of the pandemic's challenges. "Resident, community and media feedback has been enthusiastic, which sets the stage for the development of even more quality, affordable housing," said Beth Brown.

## New Responsive Website & Branding Launched

- Decatur Housing Authority (DHA)

DHA launched their new responsive website in 4Q 2021. The website was designed and built by Brooks Jeffrey Marketing, Inc.

To help make this new website more accessible for all users (including those using adaptive technology), it has been built using Web Content Accessibility Guidelines (WCAG) 2.0 to address American with Disabilities Act (ADA) accessibility guidelines.

Besides the usual content and features expected in a new website, some of DHA's features/functions include:

- A Rent Calculator/ Estimator tool to estimate the portions of rent to be paid by DHA and the family.
- Our Communities - Find housing properties in your area by type of property with a convenient map or listing view
- Interactive Payment Standards map by zip code so residents estimate their subsidy before selecting a section 8 property.
- Sign Up for News - Those interested in subscribing can sign up on the website to receive news (via text/email) & can also (at any time) change their subscription or unsubscribe

# Recovery Assistance Mobilized Quickly

## - The Housing Authority of Bowling Green

On December 12, 2021, thousands of residents throughout the state of Kentucky were left grappling with the disaster of what has now been deemed as one of the deadliest tornadoes in the state's history. Hundreds of families in the Bowling Green/Warren County area were left dealing with the loss of loved ones, homes, transportation, food, clothing, and the mere necessities.

HABG staff immediately began mobilizing to assist with the recovery. **With the support of a strong community, HABG Executive Director, Abraham Williams began calling on community partners to begin the rebuilding.**

After one social media post, the congregation of Broadway United Methodist Church began arriving with donations; within 24-hours, a 10K sq. ft. maintenance garage was filled with large household furnishing. A second facility was filled with clothing, household appliances, food, and water.

Within two days, a trailer of 50 new mattresses arrived from a donor in Chicago, who heeded the call.

With donations pouring in, HABG staff began working around the clock, preparing apartments.

Phenix City, AL, home of Abraham Williams, called and immediately made financial resources available to purchase new bedding for donated mattresses.

The congregation of Greater Mt. Zion Baptist Church of Phenix City began collecting monetary donations.

A HABG Board Member generously picked up the bill for sixteen (16) sets of washers and dryers from Lowe's.

Minister Megan Huston, Pastor of First Christian Church of BG, telephoned HABG and asked to meet them at a local furniture store, where she said, "pick out everything you all need, our church is picking up the bill."

Prompted by a local news story, Middle Tennessee Christian School's entire baseball team, pictured above, collected money, food, and new furniture for impacted families. With just one call, the baseball team completely furnished a home with everything needed, even leaving behind individual handwritten scriptures for the family.

Next Level Church of Bowling Green shared a truckload of new toys donated from the Toys for Tots Program.

Organizations including the Catholic Ministries, Taylor Chapel AME Church, Reynolds Johnston & Hinton, LLP, and the Jonesville Academy began simply dropping off gift cards to be distributed to the tornado victims as physical storage space became limited.

**In total, 28 families totaling 100 people were housed in HABG apartments with everything they could possibly need, within a ten (10) day period.**

As the clouds begin to lift, the Housing Authority of Bowling Green continues providing the much-needed support for the families. In total, 28 families totaling 100 people were housed in HABG

apartments with everything they could possibly need, within a ten (10) day period.

These families were relieved of the initial financial burdens of moving. The security deposits and rent for the first two months were paid through donations.

**Twelve additional families received household furniture, appliances, clothes and food.**

**With an excess of clothing and food, a Community Outreach Day was held and over one hundred persons were served.**

Even now, donations continue to arrive. Two semitrucks loaded with new furniture are scheduled to arrive in Bowling Green, all made possible by the National Baptist Convention of America from Houston, TX.

With a substantial donation from the United Way of South-Central Kentucky, a new 30 x 40 sq. ft. building is under construction to store the remaining donations.

The Housing Authority of Bowling Green will always be just a phone call away.

## Scholarship Program – Applications Due April 29th

- Kentucky Housing Association (KHA)

In order to encourage academic excellence and community responsibility among high school graduates, GED graduates, or adults wishing to continue their education, the KHA has implemented a scholarship program for those entering or continuing college education.

KHA will award four (4) scholarships in 2022 to deserving individuals currently residing in a KHA member agency. All scholarships will be paid out per semester provided the scholarship recipient is enrolled as a part or full-time student in an accredited college or university and meets the required minimum grade point average.

**KHA and SERC-NAHRO Scholarships: Three scholarships available: \$3,000 each.** SERC-NAHRO contributes \$2,500 annually to the KHA to help sponsor these scholarships. KHA appreciates SERC-NAHRO's commitment to serving the needs of public housing residents and the community.

**All applicants must reside in a KHA member agency-owned or managed unit for at least one year and have a minimum GPA of 2.5 or higher and provide official and original transcripts.**

### **Arthur J. Gallagher Risk Management Services Scholarship: One scholarship available: \$2,500.**

Arthur J. Gallagher Risk Management Services, the insurance company that provides coverage to the KHA Self Insurance Program, will reward a deserving individual a 1 year \$2,500 scholarship. KHA appreciates their commitment to serving the needs of public housing.

### **Additionally, applicants of all four scholarships must provide the following:**

- A completed application (which can be found on KYHousingAssn.com)
- GPA Verification (completed by your school counselor) and Certification (completed by your agency's executive director), both are included in your application packet
- School Transcript (original official copy)
- Three Letters of Recommendation (one teacher, guidance counselor, or principal and two personal non-family recommendations)
- Sponsorship Letter (a letter from the ED of your agency committing to support the applicant to the interview [if required] and award ceremony)
- Essay (A typed 300 – 500 word essay discussing how your public housing and high school/college experiences have influenced your life)
- A photograph of the applicant for publication

For further information, contact Committee Chairperson Bobbie Jarrett at 270-631-0733, or by email at bobbiew@hahenderson.org.

# Preserving the History While Moving Towards the Future

## - Laurel Housing Authority

A new welcome center is in the works for the Laurel-Jones County area which will be located on Leontyne Price Boulevard near the Highway 59 exit.

It will be situated inside one of the historic housing units spared from demolition during the current rebuilding program for newer housing units.

The structure was part of the Laurel Housing Authority Beacon Homes project, some of the oldest examples of public housing in the country.

Due to the age of the homes which were being torn down, the Mississippi Department of Archives and History that one of the structures was to be left intact, which could be used to serve the public.

The Department of Archives and History had to approve everything that's been done. Preserving one unit and making it "something that can benefit the community" is how the idea for a welcome center came about, Young said. The location and timing should be just right, too, because it will serve as the gate to the "gateway" to downtown — Leontyne Price Boulevard — that's under construction now.

"It will not only serve as a welcome center for visitors and tourists' information for them to learn about what's going on in Jones County, but

**The Laurel Housing Authority will utilize grant money for the majority of the \$1.2 million for the renovation/preservation project to turn the building into a multi-use welcome center.**

it'll also have an area with panels to educate about local history. It's going to be a great way to celebrate Laurel and Jones County history, and it's going to cover every facet from when Laurel was founded all the way up to the current day," George Bassi Chair for the Laurel-Jones County Tourism Committee added.

The Laurel Housing Authority will utilize grant money for the majority of the \$1.2 million for the renovation/preservation project to turn the building into a multi-use welcome center.

The City of Laurel and Jones County have each pledged to contribute \$200,000 each to the project.

All except for the unit at the foot of the exit ramp from Interstate 59 to Leontyne Price Boulevard were demolished in preparation for new units to be built.

Local architect Michael McKinnon has drawn up the plans for the LHA Housing Welcome Center. The project is expected to take six to nine months to complete.

The two-story building has six family units, one of which will be restored to its original setup, and the facade will be returned "to its original luster when it was finished in 1941," Young said.

There will also be a large parking lot and a dog park at the rear of the building, Young said.

LHA won't be responsible for the day-to-day operations of the facility once it's open, but the project will serve as a welcome center, and a living piece of LHA and Housing History.

## Celebrating 30 Years

- Mississippi Housing Corporation (MHC)

For 30 years, MHC has been providing Mississippians access to safe, decent and affordable housing! The partnerships they have built over the years have provided the needed stability to face housing shifts, unsure markets, and the ongoing need for affordable housing stock.

MHC celebrated these past years of collaboration and success, during their Annual Affordable Housing Conference (March 29th – 31st at the Beau Rivage in Biloxi).

The MHC was created by the Mississippi Home Corporation act of 1989 to address these housing needs. MHC plays a critical role in these efforts working with the Governor, the Mississippi Legislature, the U.S. Congressional delegation, and others in the affordable housing industry to develop private and public partnerships throughout the state and nation to increase the awareness of Mississippi's desperate need for affordable housing. Visit their website for more information, MSHomeCorp.com.

## Sharing Transformation: So Much More Than Housing

- Washington Housing Authority (WHA)

WHA went through a complete transformation from October 2020 to September 2021, but wasn't sure how to share their progress and innovation with their community.

They partnered with Brooks Jeffrey to produce an agency annual report to share with their Board, Community, and Potential Partners. Their Annual Report breaks down the agency's improved occupancy information, financial achievements and viability, staff training and mobility milestones, resident service innovations, and their new marketing and rebranding efforts. They were able to work together to condense this complicated information into an easily

understandable 8-page document that easily demonstrates the agency's growth and progression.

WHA invites you to review their full annual report on their new responsive website, [WashingtonHousingAuthority.org](http://WashingtonHousingAuthority.org). You can find the report icon link on the bottom right of the home page.

## New Responsive Website & Branding Launched

- Lenoir Housing (LHA)

LHA now has a new responsive website, [LenoirHousing.org](http://LenoirHousing.org).

Their new website is designed to provide business transparency for our families, commissioners, business partners, community stakeholders, and the general public while addressing ADA Accessibility standards.

In addition to their new website, they also developed their new logo. Their new logo includes a stylized sun and mountains to represent the beautiful

Hibriten Mountain and the brushy mountain range.

## Debbie Woodell Retires from Dunn Housing

- Dunn Housing Authority

After 33 years of dedicated service, Debbie Woodell has retired from Dunn Housing Authority. She began her career in housing as a Clerical Aide in 1998. Throughout her career she served as a Secretary, Administrative Assistant, Housing Manager, and ultimately Executive Director.

Debbie served as the CCHRCO Historian (2016-2021) and a Board of Directors member. Additionally, she served as a NCHADA Chairperson (2017-2021) and the ECAHRO Secretary/Treasurer and Scholarship Committee.

With her retirement from DHA, she will now have more time to dedicate to her business "Debbie's Tax and Bookkeeping" which she opened in December 1994.

Debbie is enjoying retired life with her husband Ricky and their 10 grandchildren.

"I so enjoyed my work with Dunn Housing Authority. It became a part of me, and I will be forever grateful for the opportunity to help families that were in need. I am enjoying retirement and my work at my own business. I just miss everyone and hope to hear from them!"

## Chorey Park Apartments Community Fridge and Safety Net Pantry Introduced

- SRHA (Suffolk Redevelopment & Housing Authority)

SRHA and Healthy Suffolk are pleased to offer a community fridge and safety net pantry at Chorey Park Apartments, providing the 110 senior and disabled residents an opportunity to access fresh produce and shelf stable pantry items during times of critical need. Each month, the pantry will be stocked with items to support residents who may experience an emergency food need or who may lack a critical ingredient to complete a meal. Fresh vegetables, fruit, eggs, butter, dried beans, and canned goods will be stocked in the fridge and pantry.

The fridge/pantry located in the community room will be accessible throughout the day and evening, seven days a week on the honor system.

In addition, the community room will also be utilized to offer cooking classes, nutritional classes, and health literacy presentations.

The Chorey Park Apartments Community Fridge and Safety Net Pantry is made possible thanks to the generous donations of the Louis & Mary Haddad Foundation, the Healthy Suffolk Board of Directors & Coalition, and individual donors.

Since the inception of the Safety Net Pantry, Healthy Suffolk has partnered with Wanchese Fisheries to provide fresh seafood to the residents monthly. The first month, Suffolk RHA received salmon for each resident and most recently, Suffolk residents received scallops.

For more information about SRHA, please visit their website: SuffolkRHA.org.

## ***The Price of Bureaucracy: Removing Section 8 Landlord Pain Points through the Investment in Technology***

is an urgent call to address the phenomenon  
of landlords leaving the Section 8 Housing Choice Voucher Program.

Each year since 2009, 10,000 landlords have withdrawn from the Section 8 program due to negative experiences and having to deal with the bureaucratic red tape, which has ultimately reduced the number of housing choices for voucher holders.

Dr. Michael C. Threatt felt compelled that this was a perfect time for a “superhero” moment to solve this problem and address landlord pain points from a multifaceted perspective.

This book is based on Dr. Threatt’s research on landlords’ opinions of improving the Section 8 program by streamlining operations through technology to remove the bureaucracy.

**The book provides innovative solutions to increase landlord satisfaction, improve communication, and enhance customer service to cultivate better public housing authority-landlord relationships by investing in technology.**

## 2021, A Year of Successes Through Partnerships

- Williamson Housing Authority (WHA)

WHA has always appreciated the value of partnerships and 2021 was no exception.

With the help of Veolia Water, WHA distributed 6,000 food boxes, containing 180,000 pounds of food, valued at over \$200,000. The food giveaways were made possible through funding from Save the Children.

Because of our success with those early food giveaways, WHA was awarded additional grant funding from Save the Children® to host a fresh food initiative over the summer. Between June and August, WHA delivered weekly food bags to children living in public housing, ultimately distributing enough food to make up 7,305 meals.

WHA's "Summertime Fresh Food Initiative" was so successful that Save the Children sent a film crew in to capture our efforts, ultimately producing a

two-minute promotional video celebrating the program.

The University of Pikeville sent two social work interns who were completing their graduate studies. These students coordinated the Summer Fresh Food Initiative, participated in summer festivals, established weekly MARA meetings and bi-monthly playgroups for parents with young children, counseled our residents, hosted numerous school supply giveaways and vaccination clinics, and established a blessing box at the EnVision Center.

In the spring of 2022, WHA will employ additional interns from UPike, giving college students the opportunity to gain real work experience and while polishing their leadership skills.

They were awarded an AmeriCorps\*VISTA position to assist with grant writing and program development, including

coordinating a summer leadership camp in cooperation with Energy Express and an after-school program.

The City's Fire and Police Departments sent officers to participate in their summer camps. These officers/superheroes engaged dozens of at-risk children in fun, positive learning experiences.

Their maintenance staff turned 84 apartments. In return, their leasing staff provided homes to 81 low-income families. These same staff conducted countless inspections, hosted dozens of orientations, made cosmetic improvements throughout our projects, and most notably completed no less than 1,270 emergency and non-emergency work orders.

WHA's success in 2021 is as always, the direct result of our dedicated staff of housing professionals. The Commissioners are quite proud of all that WHA accomplished in 2021, as no doubt you are as well.

# Increasing Your Net Operating Income by Keeping Your Units Safe and Occupied

by Auto-Out® Cooktop Fire Protection - Fort Worth, TX

**Loss of rental income, expensive rebuilds, and increased insurance premiums; cooking fires are detrimental to your agency's bottom line.**

For less than a penny per day (per apartment unit), you can help keep your units in service, producing income, and limits your loss history for insurance purposes.

Auto-Out, can help improve claims records, resident relations, and profitability.

Auto-Out uses an easy to clean non-toxic fire suppressant powder to smother stovetop fires as they start. The device is triggered by the flames of a fire, meaning it will not accidentally be triggered due to smoke or heat. The system is installed with commercial strength magnets, allowing for your maintenance

department to install Auto-Out in your exiting venthood quickly and easily. Auto-out also offers a microwave version for units with a microwave over their

stoves. One of the most dangerous threats facing our residents is the potential for fire. We install smoke and carbon monoxide detectors, distribute fire extinguishers, and stress the importance of fire safety but we can never eliminate the ever-present threat.

Cooking is the leading cause of residential fires, and unattended equipment on the stovetop is the leading factor contributing to cooking fires, fire injuries, and deaths.

Auto-Out helps you keep your residents safe while protecting your Agency's bottom line. After all, prevention is the first step in protecting your units from fires.

"In 2014 we made a substantial investment by installing Auto-Out's in apartment units in the DFW area. Over the last few years, we experienced several kitchen fires in our

**"In March, there was a kitchen fire at one of our Dallas properties. The Auto-Out extinguished the flame immediately and prevented what could have been a major loss. The total damage was less than \$1,000! Our investment paid off handsomely."**
